The Smart Gal's Guide thru Divorce What

Lawyers don't tell you. We live in a time of instant self-gratification. Just about everything we think we want is within our reach. This includes most things like food, sex, social entertainment, material things, even marriage. We have the advancement in technology to thank for a lot of it. In most states, obtaining a marriage license has little requirement other than filling out paperwork. There is even the option of going online to expedite the process. In some cases, a blood test is required, but the turnaround time is still 2-3 weeks most of the time. Getting things seems to be easy. But what about getting rid of things, like a failed marriage? I have found that the problem that exist is two-fold. It involves the legal system and the couple wanting to sever their relationship. According to the Centers for Disease Control and Prevention (CDC), the marriage rate in 1990 was at 7.9% per 1,000 total population in California. The rate dropped to 6.0 in 2018. I believe the drop-in rate is due to millennials being discouraged about what marriage is supposed to be like, not just in California but everywhere else in the United States. There just aren't very many role models to show how it is done any more. Several Family law Attorneys groups have done the research and concluded that almost 50% of marriages in the U.S. will end in divorce or separation, with 41% of first marriages ending in divorce, 60% of second marriages that ending in divorce, and 73% of third marriages ending in Divorce (<https://www.wf-lawyers.com/divorce-statistics-and-facts/>). So, it appears the marriage and divorce rate numbers are trending in the downward motion. If the marriage rate increases, then the divorce rate increases. If the marriage rate decrease, then the divorce rate decreases as well. A comprehensive guide to marriage—perks, consequences, and everything in between—aimed at the LGBTQ+ community, from a leading gay rights lawyer. Not long ago, same-sex couples had to jump through endless hoops to make their relationships even close to legal. Happily, those days are over. But here 's the rub: many gay and lesbian couples, accustomed to living off-grid, are so thrilled to have the benefits of marriage that they jump into it without fully considering the consequences. In *Before I Do*, leading gay rights attorney Elizabeth F. Schwartz spells out the range of practical considerations any couple should address before tying the knot. She explains the rights married couples have—and those they do not. With cameos from some of the most prominent LGBTQ+ professionals, Schwartz explores all of the implications of marriage from name changes and getting a license to taxes, insurance, Social Security, and much more. Chapters on estate planning, pre- and post-nuptial agreements, and organizing finances make *Before I Do* a crucial handbook for anyone considering marriage—because, as Schwartz explains, just because you can get married does not mean you should. “ During my thirty years of covering the gay beat for the Miami Herald, never did I imagine the need for a marriage guide for LGBT couples. Yet today nothing is more urgent. *Before I Do* guides all couples, gay and otherwise, about the responsibilities of marriage. Ignore it at your peril. ” —Steve Rothaus, *The Miami Herald* In *Please Don ' t Say You ' re Sorry*, marriage-loving divorce attorney, Nicole Sodoma shows up with empowering advice to help you sustain a real and happy marriage, recognize when that ' s just not possible, and know what to expect and do from there. What ' s more, she does it with a generous dose of humor to remind you that you can and will laugh again. When marriage-loving divorce attorney Nicole Sodoma ended her thirteen-year marriage, she found herself seated in a symphony of sympathies and quickly began to question why people say “ congratulations ” when we marry and “ I ' m sorry ” when we divorce. There ' s no denying that divorce sucks. You've invested years in a relationship. Then it what feels like the blink of an eye, everything has changed and you are faced with more resolution options than New Year's Eve. The journey can be wholly overwhelming, but it doesn ' t have to be the worst thing that ' s

ever happened to you. Choice will be your ally. As the child of a blended family of divorced parents, a now "unmarried" woman, and a veteran family law attorney, Nicole Sodoma knows divorce. In *Please Don't Say You're Sorry*, she serves up both humorous and decidedly unfunny realities of marriage and divorce alongside empowering insights for finding your way through either. From hard truths about the unintended consequences of ending a marriage to relatable tales from divorces past, Nicole's communication style will help you feel deeply understood as you try to render those seemingly impossible decisions. Whether you are looking for advice on how to better your marriage, are considering separation, or find yourself knee-deep in divorce, this book has something for you. Today is the first day of the rest of your life, and now you 've got a badass no-holds-barred divorce attorney by your side. A leading expert in Indian family law and one of India's most successful and respected divorce lawyers, Malavika Rajkotia has seen the drama of marriages coming undone at close quarters--the effects of infidelity, jealousy, domestic violence, property disputes and the end of love and compatibility. In this important and revealing book, she draws upon her own extensive experiences in court and with her clients, as well as on case law, to lay bare the mysteries of marriage, divorce and family law. *Intimacy Undone* examines the institution of marriage in India, from its historical roots to its evolution towards the moral, social and legal position it holds today. This wide-ranging, perceptive book tackles subjects as diverse as the gender equations underpinning society, how current Indian property and family laws came into being, and the controversy about the Uniform Civil Code, deftly tying them all into a crucial argument about love, marriage and divorce. Along the way, Malavika Rajkotia also brings alive the drama of the divorce courts, critiques the foibles of the institutions involved, and, throughout, furthers the aim of family law to bring about a steadily more equal society. An erudite and fascinating survey of family law and a wisely reflective account of our political and legal history, *Intimacy Undone* gives readers crucial insights into the future of family and marriage in India. The *Lawyers* discuss their childhoods; schooling; mentors in plant pathology at UC Berkeley (1934); Calpak (Del Monte Corp.) peach crop; Wheatland, Calif. *Armillaria* problem; research on asparagus, hydroponic tomatoes; Del Monte peas; yield problem, seed treatment, diseases, selection and breeding; corporate vs academic career; *Lawyers'* garden: sweet peas, daffodils, poppies, and hybridizing Pacific Coast native iris; California horticultural organizations.

Congratulations! You've decided to get married. It's a wonderful time, but there's more to think about than just the perfect wedding and honeymoon. Marriage is more complicated than it used to be. People are marrying later in life and perhaps for the second or third time. Often they are bringing more assets and more liabilities into the relationship, blending children from previous relationships, and generally facing all kinds of new challenges. Marriage contracts, wills and Powers of Attorney are all valuable ways to set your expectations in advance. *Do We Need a Marriage Contract?* is written in clear, nontechnical language and includes real-life examples based on Canadian cases. Cochrane includes a sample marriage contract to address the critical issues you need to be aware of, including: Protection of assets brought into the marriage The special practical and financial concerns of blending children into new families Family pressure to have a marriage contract Business pressure to have a marriage contract How to have a discussion with your partner and not spoil the romance How marriage contracts work with your wills and Powers of Attorney How to work in a cost-effective way with a lawyer How to avoid the relationship mistakes that lead to divorce This is your future together. Get it right from the very beginning. Take the advice of Michael Cochrane, a lawyer with more than 30 years of experience in family law, and carefully consider the numerous issues that can

affect your relationship. Each year more than 2 million Americans get divorced, and most of them use a lawyer. In closed-door conversations between lawyers and their clients strategy is planned, tactics are devised, and the emotional climate of the divorce is established. Do lawyers contribute to the pain and emotional difficulty of divorce by escalating demands and encouraging unreasonable behavior? Do they take advantage of clients at a time of emotional difficulty? Can and should clients trust their lawyers to look out for their welfare and advance their long-term interests? Austin Sarat and William L. F. Felstiner's new book, based on a pioneering and intensive study of actual conferences between divorce lawyers and their clients, provides an unprecedented behind-the-scenes description of the lawyer-client relationship, and calls into question much of the conventional wisdom about what divorce lawyers actually do. *Divorce Lawyers and Their Clients* suggests that most divorces are marked less by a pattern of aggressive advocacy than by one of inaction and drift. It uncovers reasons why lawyers find divorce practice frustrating and difficult and why clients frequently feel dissatisfied with their lawyers. This new work provides a unique perspective on the dynamics of professionalism. It charts the complex and shifting ways lawyers and clients "negotiate" their relationship as they work out the strategy and tactics of divorce. Sarat and Felstiner show how both lawyers and clients are able to draw on resources of power to set the agenda of their interaction, while neither one is fully in charge. Rather, power shifts between the two parties; where it is achieved, power is found in the ability to have one's understandings of the social and legal worlds of divorce accepted. Power then works through the creation of shared meanings. *Divorce Lawyers and Their Clients* examines the effort to create such shared meanings about the nature of marriage and why marriages fail, the operation of the legal process, and the best way to bring divorces to closure. It will be fascinating reading for anyone who is going through a divorce, or has gone through one, as well as for lawyers, judges, and scholars of law and society. It would never occur to husbands and wives to turn to lawyers or the law in their marriage. Rather, when faced with questions that they have to answer, they do this pretty much on their own, based on their Common Sense. Nevertheless, their marriage and their divorce are not the same. Thus, though their common sense may have been sufficient in the past, it may not be now, which is why they are going to need help. Where are they going to turn? There is only one place that they can and that is the law. If the law will provide them with answers to their questions, it will have been of great help and deserves to be complimented as representing Legal Sense. However, if all that it does is leave them with a never ending debate as to what the right answers are, it will not have been of any help, and it should be labeled for what it is, namely Legal Nonsense. That, unfortunately, has been and continues to be the sad legacy bequeathed to divorcing husbands and wives who have turned to the law. They are not given any help. All that they are given are false levels of expectation that are then inevitably followed by equivalent levels of disappointment. This book argues that divorcing husbands and wives deserve better than they have been given, and shows how turning to the law can be transformed from representing legal nonsense to legal sense. What sort of contract is marriage? What does it offer the parties? What are the difficulties of enforcement, and the result of failed effective enforcement? This book takes an economic approach to marriage and divorce, considering the key role of 'incentives' in family law: it highlights the possible adverse consequences emanating from faulty legal design, while demonstrating that good family law should provide incentives for consistent and honest behavior. Economists, specialists in the economic analysis of law, and academic lawyers discuss recent advances in specialist work on marriage, cohabitation, and divorce. Chapters

are grouped around four topics: the contractual perspectives on marriage commitment; the regulatory framework surrounding divorce; bargaining and commitment issues relating to marriage and near-marriage arrangements; and finally empirical work, which focuses on the impact of more liberal divorce laws. This important new study will be of considerable interest to lawyers, policy-makers and economists concerned with family law. “ You can waste vast amounts of money by hiring the wrong lawyer while engaging in a high conflict divorce. Newman shows people the playbook and provides real tactics for breaking up in a more humane fashion. ” —Alec Baldwin, actor, producer, New York Times bestselling author *The definitive guide to navigating divorce in today ’ s world from one of America ’ s top matrimonial lawyers. Marriage as we know it in America has changed—and so, too, has divorce. Women are outearning men. Fathers are winning custody battles. Same-sex marriage is law. In this remarkably insightful and clear guide, elite New York City divorce attorney Jacqueline Newman shares her secrets from over two decades in the trenches. This book will help you: -Decide whether you are actually ready to get a divorce -Protect your finances and understand division of assets -Find the right lawyer for your situation -Win the child custody schedule you want -Heal and stay sane in the midst of a disorienting time* Over the course of her career, Newman has implemented her strategies and coached her clients round the clock on how to navigate every aspect of their divorces. Now, in this landmark book, she offers the same tools and tactics to you. Newman also shines a light on the divorce industry where specialists of the trade financially benefit from drawn-out, high conflict cases. “ Divorce, ” she says, “ can be simple, even if it is not amicable. ” Filled with hard-earned wisdom and a touch of humor, *The New Rules of Divorce* is an essential read for anyone looking to emerge from their breakup stronger, happier, and secure. More than any other profession women entered in the nineteenth century, law was the most rigidly engendered. Access to courts, bar associations, and law schools was controlled by men, while the very act of gaining admission to practice law demanded that women reinterpret the male-constructed jurisprudence that excluded them. This history of women lawyers--from the 1860s to the 1930s--defines the contours of women's integration into the modern legal profession. Nineteenth-century women built a women lawyers' movement through which they fought to gain entrance to law schools and bar associations, joined the campaign for women suffrage, and sought to balance marriage and career. By the twentieth century, most institutional barriers crumbled and younger women entered the law confident that equal opportunity had replaced sexual discrimination. Their optimism was misplaced as many women lawyers continued to encounter discrimination, faced limited opportunities for professional advancement, and struggled to balance gender and professional identity. Based on rich and diverse archival sources, this book is the landmark study of the history of women lawyers in America. Mrs. Grimm, a wealthy socialite, discovered that her husband is having an affair. Declaring revenge, she hires Portia Porter's legal team. But there's a catch: Mrs. Grimm will never sue her own husband. It's not the divorce that she is after. Instead, Mrs. Grimm would like to send the homewrecking mistress packing, and get her husband back! But how? Will Portia's divorce law firm be up to the task of reclaiming the straying husband? As always, Lawyer Portia explain the tricks and secrets of the courtroom. *The Raccoon* explains high fashion. l If your husband cheats, will you fight back? What if you love your husband and do not want to fight him? Can you fight the mistress instead? Turns out, sometimes you can! There is a little known law called "alienation of affections." It punishes the homewreckers. An affair with a married man that breaks up a marriage might turn out costly for the mistress: the juries have been known to bring multi-

million dollar verdicts. Broken marriages cost money, and somebody has to pay. Makes a girl think, doesn't it? "Alienation of Affections," the second book in Portia Porter's Family Law Series continues to educate about the ways and tricks of divorce court in this story of a scorned wife who did not want a divorce. Instead, this wife decided to fight for her marriage, to punish the home-wrecker, and to get her husband back. Legal primitivism was a complex phenomenon that combined the study of early European legal traditions with studies of the legal customs of indigenous peoples. *Lawyers and Savages: Ancient History and Legal Realism in the Making of Legal Anthropology* explores the rise and fall of legal primitivism, and its connection to the colonial encounter. Through examples such as blood feuds, communalism, ordeals, ritual formalism and polygamy, this book traces the intellectual revolution of legal anthropology and demonstrates how this scholarship had a clear impact in legitimating the colonial experience. Detailing how legal realism drew on anthropology in order to help counter the hypothetical constructs of legal formalism, this book also shows how, despite their explicit rejection, the central themes of primitive law continue to influence current ideas – about indigenous legal systems, but also of the place and role of law in development. Written in an engaging style and rich in examples from history and literature, this book will be invaluable to those with interests in legal realism, legal history or legal anthropology.

Sam had it all and was awaiting the day her beloved, Ransom, would propose to her. But suddenly she's forced to marry a rich old man to save her family. Hiding the truth from Ransom and wracked with guilt, she breaks up with him. Six years later, her husband passes away and she moves back home, only to run into Ransom again. But now his gaze is full of hate!

Also included is *Marrying Her Billionaire Boss*. *Lawyer's Desk Book* is an extraordinary guide that you can't afford to be without. Chapters are in sections on areas including business planning and litigation, contract and property law, and law office issues.

Work-life balance is not just a woman's issue. Both men and women struggle to balance work and personal lives. This book of essays focuses on work-life balance from the male perspective. We asked a group of husbands of women lawyers - all ages, all generations, various professions - to share their observations, insights, and thoughts about the pressures they've faced achieving work-life balance. Men wrote essays about prioritizing time as a spouse and parent, working arrangements, and being an effective team. They described efforts made to support the advancement of women in the law and, in particular, their spouse's career;

professional and personal achievements and hardships; impossible challenges; changes in the legal profession for women observed and experienced; and workable solutions to balance competing demands. This collection of essays illustrates the pressures faced by men and their spouses; describes work-life balance issues and the satisfactions and difficulties of a dual career marriage; gives advice on how to do it; and explains the frustrations, disappointments, demands, and compromises - from the husband's perspective. About the editors: Jacquelyn Slotkin: B.A. University of Pittsburgh; M.A., West Virginia University; Ph.D., University of Arizona; J.D., University of San Diego. Professor Slotkin, former director of the Legal Skills program and legal skills professor, is currently director of the LL.M./M.C.L. program for foreign lawyers at California Western School of Law in San Diego, California. She and her daughter, Samantha Goodman, produced their first book, IT'S HARDER IN HEELS: ESSAYS BY WOMEN LAWYERS ACHIEVING WORK-LIFE BALANCE, in 2007. Samantha Slotkin Goodman: B.A., University of California, Los Angeles; J.D., Loyola Law School. Samantha Goodman concentrates her practice on commercial real estate leasing representing both landlords and tenants. Samantha was Senior Associate at Pillsbury Winthrop Shaw Pittman LLP, Senior Associate at DLA Piper US LLP, and Counsel with Bryan Cave LLP. She frequently lectures on landlord and tenant law, has been named a Southern California Rising Star every year since 2004 in a poll among Southern California Super Lawyers conducted by Law and Politics and Los Angeles magazines, and was named one of the "Southland's Rising Young Stars Under 40" in 2005 by Real Estate Southern California. Harmony for Couples - A Divorce Lawyer's Ultimate Guide to Marriage Success With a warm, practical, and optimistic approach to the complications of married life, Susan Reach Winters uses her wisdom and experience as a divorce attorney to guide couples through important, and sometimes difficult, conversations to help them avoid the pitfalls of the 'too many marriages' that dissolve. That Will Never Happen to Us should be required reading for couples thinking about entering marriage, and for their parents, who, with good will and generosity, want to support their sons and their daughters as they take this crucial next step forward in their relationships." Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork. This completely revised and updated fifth edition of the award-winning Divorce with Decency includes the most current research, statistics, and insights on the effects of divorce on spouses, their children, and society overall. Written by a prominent divorce lawyer with four decades of experience, it is the most comprehensive treatment of the legal, emotional, economic, psychological, and social aspects of romantic relationships, marriage and divorce available anywhere in a single volume. Initial sections look at the dynamics of divorce: the causal factors, the common "stages" from initial separation onward, and the complications surrounding each stage for older and younger couples and children. Important information on spouse abuse is also included. The book discusses key criteria in selecting an attorney and gives expert advice on directing and monitoring the course of a case efficiently and economically. Detailed background on critical legal issues is given, followed by case histories highlighting key points of divorce law. Extensive new sections have been added to this edition which provide key tips on preserving, improving, and possibly "saving" marriages. Key chapters focus on post-divorce issues of single parenthood and new relationships; as well as the rapidly changing nature of love, romance, "digital dating," and other topics in this modern New Millennium. Informative yet highly readable (and occasionally amusing), Divorce with Decency has proven to be indispensable to anyone

involved in a divorce, whether directly or indirectly. Excerpt from *Marriage and Family Counseling: A Manual for Ministers, Doctors, Lawyers, Teachers, Social Workers, and Others Engaged in Counseling Service* I also wish to thank the Bloch Publishing Company and the editors of *The American Family*, *Marriage and Family Living*, and *Religious Education*, who have generously allowed me to incorporate material printed in their publications. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Each year more than one million marriages end in divorce. Yet, despite the passage of the no-fault divorce laws over the past two decades, divorce has become more complex and expensive, and can be financially disastrous for wives of every age and economic condition. Today, divorce can mean a 73 percent drop in the woman's standard of living while the husband's rises 42 percent. In *Getting Your Share*, Lois Brenner, an expert matrimonial lawyer, shows women how to get financial security for themselves and their children under the current divorce laws. From choosing the right attorney to the final divorce decree and settlement, this book takes you step by step through the legal, tactical, emotional, and financial conflicts of divorce. You will learn about the opening legal moves, how to stop thinking of your husband as your partner, how to get an accurate picture of family assets, how to protect your children financially and psychologically, when to negotiate a settlement rather than go to trial, and much more. Whether you have been married two months or twenty years, have had a full-time career, have devoted yourself to raising children, or have done both, *Getting Your Share* provides information and understanding to guide you through this complicated crisis.

Self-Help Guides to the Law explain the law in clear, concise terms to a popular audience of non-lawyers. Summarizing the key areas of the law with which readers are most likely to come into contact, the Guides broadly outline the statutes and cases that govern landlord-tenant relations, personal injury, contracts, family law, criminal law and constitutional law and procedure. With detailed references to sources for readers wishing to delve deeper, the Guides are ideal for readers wishing to better understand their legal rights and responsibilities, regardless of whether they ultimately opt to hire a lawyer. In addition to *The Self-Help Guide to the Law: Contracts, Landlord-Tenant Relations, Marriage, Divorce, Personal Injury, Negligence, Constitutional Rights and Criminal Law for Non-Lawyers*, readers may acquire the following individual titles: -*The Self-Help Guide to the Law: Property Law and Landlord-Tenant Relations for Non-Lawyers* -*The Self-Help Guide to the Law: Contracts for Non-Lawyers* -*The Self-Help Guide to the Law: Negligence and Personal Injury Law for Non-Lawyers* -*The Self-Help Guide to the Law: Know Your Constitutional Rights* -*The Self-Help Guide to the Law: Criminal Law and Procedure for Non-Lawyers*" This book will consider the legal position in respect of short marriages. This can often be a tricky area of law, particularly where needs is a magnetic factor and there is little or no marital acquest. Formulating a solid case plan from the outset is essential. This book will assess how the case law has evolved over the years from the pre-White era to the present day, and consider how the future needs of the family can affect the overall outcome of your case, notwithstanding of the brevity of the marriage. This book will cover the following: How to apply the s25 considerations to a short marriage How the court

regards pre-marital cohabitation How the court regards relationship after marriage Miller and the sharing principle Future needs of the children and parties Relevant recent caselaw ABOUT THE AUTHOR Sadie Glover is a Partner in the family team at B P Collins LLP. She qualified as a solicitor in 2006 and practises exclusively in all aspects of family law, including divorce and financial settlements, separation, cohabitation, children and nuptial agreements. Sadie's practice has a particular emphasis on divorce and financial settlements, ranging from low to high net worth matters. She also has vast experience of advising on private law children matters, ranging from common disputes between parents, to international leave to remove applications and complex international child abduction cases in the High Court. Sadie also advises on matters relating to the separation of unmarried couples, to include proceedings under the Trust of Land and Appointment of Trustees Act 1996 (TOLATA) and Schedule 1 of the Children Act 1989. Throughout her career, Sadie has amassed a considerable knowledge and expertise in advising clients on all matters from the straightforward to the highly complex. Priding herself in adopting a sensitive, down-to-earth and practical approach in all cases, she draws on personal and professional experience to provide a high level of client care. Sadie has developed a skill for writing and delivering online training for other family lawyers across England and Wales. She recently co-presented a webinar for MBL, one of the country's leading providers of CPD training and has been retained by MBL to deliver further training on different family law topics, later this year. In her spare time, Sadie enjoys spending time with her two daughters, Molly and Rosie and long countryside walks with their beloved dog, Phoebe. Sadie is also a keen runner and has taken part in a number of running events, to include the London Marathon.

Samantha Lombardi was in love with barrister Ransom Shaw. But, forced to marry another man, she had to convince Ransom she'd never loved him. Six years later, Sam is widowed and unexpectedly reunited with Ransom. Now he believes her to be a selfish gold digger. But the sexual pull between them is still so strong! Ransom proposes a redhot affair to get her out of his system. However, Ransom's desire is not so easily satisfied....

How have Muslim marriages legally ended around the turn of the 21st century? Who has the power to initiate and resist shari ' a derived divorce? When are husbands and wives made to bear the costs of their marital breakdown? What does divorce law indicate about the development of gender regimes in the Middle East and North Africa? This book opens with a description of the historical development of Islamic divorce in the MENA. Subsequent chapters follow a Syrian male judge, a Moroccan female legal advice worker and a Libyan female judge as they deal with divorce cases in which husbands, wives, their relatives and lawyers debate gender roles in contemporary Muslim marriages. MENA ' state feminism ' has increasingly equalized men ' s and women ' s access to divorce and encouraged discussions about how spouses should treat each other in marriage. The real life outcomes of these reforms have often been surprising. Moreover, as the last chapter explores, jihadi proto-states (such as Islamic State) have violently rejected state feminist divorce law reform. This accessible book will appeal to students, researchers and a general readership interested in Islamic law; Middle Eastern studies; gender and sexuality; and, legal and social anthropology. The fascinating and very moving story of the lovers, lawyers, judges and activists behind the groundbreaking Supreme Court case that led to one of the most important,

national civil rights victories in decades—the legalization of same-sex marriage. In June 2015, the Supreme Court made same-sex marriage the law in all fifty states in a decision as groundbreaking as *Roe v Wade* and *Brown v Board of Education*. Through insider accounts and access to key players, this definitive account reveals the dramatic and previously unreported events behind *Obergefell v Hodges* and the lives at its center. This is a story of law and love—and a promise made to a dying man who wanted to know how he would be remembered. Twenty years ago, Jim Obergefell and John Arthur fell in love in Cincinnati, Ohio, a place where gays were routinely picked up by police and fired from their jobs. In 2013, the Supreme Court ruled that the federal government had to provide married gay couples all the benefits offered to straight couples. Jim and John—who was dying from ALS—flew to Maryland, where same-sex marriage was legal. But back home, Ohio refused to recognize their union, or even list Jim's name on John's death certificate. Then they met Al Gerhardstein, a courageous attorney who had spent nearly three decades advocating for civil rights and who now saw an opening for the cause that few others had before him. This forceful and deeply affecting narrative—Part Erin Brockovich, part Milk, part Still Alice—chronicles how this grieving man and his lawyer, against overwhelming odds, introduced the most important gay rights case in U.S. history. It is an urgent and unforgettable account that will inspire readers for many years to come. You're committed, you're moving in together and you're blending your households. But are you forgetting something? Many Canadians find themselves in common-law relationships and think that they aren't any different from a legal marriage. It can be a shock to find out that, when the going gets tough, certain rights under the law—not to mention financial obligations—do or do not apply. For instance, if one common-law partner becomes seriously ill or passes away, will the other be able to access joint bank accounts? Their shared home? What happens if there is no will? And what about the kids? These are some of the many serious questions that couples need to consider before sharing their lives, all of which can be addressed in a cohabitation agreement. A cohabitation agreement allows a couple to make sure their partner and any children are taken care of in times of need or crisis; that ownership in properties or financial resources are clear, combined, separated or protected. Most of all, these contracts allow for the peace of mind that comes with having a game plan in place should the relationship end due to death or separation. Take the advice of Michael Cochrane, a lawyer with more than 30 years of experience, and consider the numerous issues that can affect a common-law relationship. *Do We Need a Cohabitation Agreement?* is written in clear, nontechnical language and includes real-life examples based on Canadian cases. Cochrane addresses critical issues such as wills and estates, powers of attorney, the special concerns of step-families and same-sex couples, and how to have this discussion with your partner. It will also help you work in a cost-effective way with a lawyer should you decide that an agreement will benefit your relationship. This is your future together. Get it right from the very beginning. This book provides concrete advice on how to prevent divorce from the real experts on the subject: divorce lawyers. Based in in-depth interviews with 100 of America's leading divorce attorneys, *The Divorce Lawyers' Guide To Staying Married* explains why divorce occurs and what can be done to immunize today's marriages from the ever-growing divorce epidemic. **THE BOOK YOU MUST READ BEFORE YOU MARRY...OR DIVORCE** Wouldn't it be nice if you could sit down with an attorney who normally charges \$600 per hour and receive expert legal advice on what is no doubt one of the biggest decisions you will ever make in your life? Here is your chance. Mark A. Barondess has written an absolutely indispensable guide for anyone considering coupling...or uncoupling. Filled with hilarious

anecdotes, solid legal advice and tricks of the trade you will not find anywhere else, this is THE must-have guide to what everyone needs to know when it comes to the legal ramifications of relationships, marriage and divorce. Not only will you get the benefit of Mark's 20 years as a top family law practitioner, you will also receive exclusive candid advice from some of Mark's friends including Larry King, Dr. Phil, Montel Williams, legal legend Robert Shapiro, comedic great Lewis Black, and even rock star Gene Simmons. They all weigh in with their unique thoughts and advice on marriage and divorce. “ Many of life ’ s greatest rewards are bestowed upon those who take the biggest risks. However, before you take any great risk, you should at least have a basic appreciation of the potential consequences of your decision. So pull up a seat, and let's have a conversation. No need to rush—the clock isn't running. Tell me, honestly...what were you thinking?? ” With countless marriages and long-term relationships failing every day, former divorce lawyers authors Janet Clegg and Hilary Browne-Wilkinson offer sound and practical advice on what it takes to make a relationship loving, secure and successful.
